

Start the new academic year in style with Meljac's reading lamps

The French manufacturer of luxury switches, Meljac, is shining a light on its reading lamp range, which features three models: Roseau, Tulipe and Tactile (designed by JM Wilmotte). The lamps are available for Meljac's brass collections and provide the perfect blend of convenience and precision. The light beam can be directed as needed by adjusting the flexible arm (with or without bend as required). Meljac applies a surface treatment to the arm to give it the same finish as the support plate.

Meljac's reading lamps, like all the brand's other products, have been awarded the prestigious "Origine France Garantie" label.

■ Design and expertise: the French touch

Meljac's reading lamps blend perfectly with the brand's switches and other products. The quality of the brass used guarantees long product life. The 1.4W LED lamp provides soft, glare-free lighting for a comfortable reading experience. Meljac's creations are produced with skilled craftsmanship that combines precision technologies with a human touch.

CREATED AND PRODUCED IN FRANCE

About Meljac

Created in 1995 by André Bousquet, the company (90 employees) designs high-quality electrical equipment using the finest materials.

With about 15 collections, MELJAC offers architects, decorators, electricians and private individuals a large range of options: switches, sockets, reading lights, casings for thermostats and home automation controls, etc. The brand is renowned for its bespoke creations. All products are 'Origine France Garantie' labeled. MELJAC is the first company in its business sector to obtain the EPV label (Living Heritage Company).

Its innovation and working methods are at the heart of its development, guaranteeing an optimum quality. Today the brand is available all over the world, with approximately 60 authorized dealers to help serve each their respective markets. The company has one subsidiary in the United States of America.
